**ANNUAL REPORT**  
**July 1, 2024 – June 30, 2025**

FFRPL partnered with the Library on many projects during Fiscal Year 2024-25, including the most significant Library leadership change in the last sixteen years.

We celebrated Monroe County Library System/Rochester Public Library Director Patty Uttaro's career dedicated to libraries (including her sixteen-year tenure as MCLS/RPL Director), with specialized programming that she curated and helped present; as well as a fundraising campaign in her honor that then supported six community-based projects throughout the region. Patty retired in February.

FFRPL served on the Library Director Search Committee and – along with the FFRPL staff and Board; Library administration, Board, and staff; City of Rochester; and the community-at-large – we helped welcome Emily Clasper to her new role as MCLS/RPL Library Director in January.

In FY2024-25 we presented FFRPL's Legacy programming and supported a variety of Library programs, initiatives, exhibits, services, and resources.

In addition to providing funding, programming, and marketing support for the Rochester Public Library and other libraries in Monroe County, we continued to manage restricted funds that provide significant supplemental materials support to 62 eligible libraries in Monroe, Ontario, Wayne, Livingston, Orleans, and Genesee counties.

Thank you for your role in helping us make sure that the Library has the greatest possible impact on our community.

## FFRPL Funded the *Safe to be Smart (StbS)* Youth Trip to D.C. (July 26 – 28, 2024)

The itinerary included the National Museum of African American History and Culture, U.S. Holocaust Memorial Museum, White House, Frederick Douglass Statue at the Capitol building's Visitor Center, Library of Congress, Howard University, and Memorials for Lincoln, Martin Luther King Jr., and WWII veterans.

The *StbS* trip to D.C. was funded by Friends & Foundation of the Rochester Public Library through generous support from donors, the Konar Foundation, and Reynolds Library.

*Safe to be Smart* (the Library's flagship after school program) is housed at Central Library and five City branches: Wheatley, Lincoln, Sully, Maplewood, and Arnett. FFRPL is a founding sponsor of *StbS*, along with Central Library and the City of Rochester.

*"The Safe to Be Smart trip to D.C. was amazing. We were able to learn more about the Holocaust, African American History, our nation's Capital, and many other things. My favorite place to visit on our tour was the National Museum of African American History and Culture ... it covered the history and many atrocities African Americans have endured from the very beginning of America to the modern day ... Visiting this museum and other museums and historic sites has changed my perspective and outlook on the world around me. I will remember this trip for the rest of my life." — Norman Rivet*

*"My favorite part was getting to see a lot of things about my culture and how the events occurred for African Americans in America from slavery to freedom. We also were able to visit the Holocaust Museum and see that Jewish people back then also struggled, by having their rights and freedom taken away. One exhibit at the Holocaust Museum that struck me and will stay with me forever was the Lights for the Children. The display featured a wall of countless lights, with each small dot of light representing a child's life. It was an experience I will carry with me for a lifetime." — Lamarie Felton*

*"The highlight of my trip was the Holocaust Museum. It taught me a lot and made me realize the hardships that many Jewish people have endured. Now, I think about their experiences daily, and I'm inspired to pursue a career that supports other minority groups like the Jewish people. ... I'm grateful I visited the African American Museum. It expanded my knowledge about my culture and provided me with more information than I already knew." — Zamaria Harmon*
